

## INTRODUCTORY OVERVIEW

Passionate **Computer Science Engineering** student with a **keen interest in leveraging cutting-edge technologies to develop innovative solutions**. Eager to **contribute my skills in software development** and motivated by the **opportunity to contribute to innovative solutions** that drive the company's **success in the tech industry**.

## SKILLS

**Technical Languages & Skills** : proficient in **C++** , **Front End Development Skills** - HTML ,CSS ,JavaScript ,ReactJS ,

**Back-End Development Skills** – frame works like **Node JS** , **Express JS** , database : **Mongo DB**

**Tools** : **Git** (Version Control on Git ) , **GitHub** (basics) , **VS Code** (basics)

**Soft Skills** : **Leadership Skills**, **Team Work Skills**, **Communication Skills**, **Problem-Solving Skills**, **Career Essential Skills**

**Course Work** : OOPS(Object-Oriented Programming), OS(Operating System), DBMS(Data Base Management System)

## EDUCATION

<b>B. Tech, Computer Science Engineering</b>	2021- 2025
Indira Gandhi Delhi Technical University for Women, Delhi, India	7.08 GPA
<b>Class 12, CBSE Board 2019-2020</b>	92.4%
Happy Model School, Delhi, India	

## ACHIEVEMENTS / CERTIFICATIONS

- **Certified** in **Career Essentials** in **Software Development** by **Microsoft** and **Linked In**.
- Certified **Student Coordinator** in **Research Show Case** by **IGDTUW** and **CSI(Computer Society of India)**  
Tasks like : **coordinating with participants** , **assisting with event logistics** , **gathering feedback from attendees**.
- Certified by **NPTEL** in **Developing Soft Skills and Personality**.
- **Mentor** at **Desh ke Mentor** , mentored 4 students.
- **Other Achievements** : 2<sup>nd</sup> Runner Up in Miss Dwarka Beauty Pageant | Miss Radiant & Miss Tarangana in Fests at IGDTUW Miss Confident at Beauty Queens Pageant, Noida | participated Folk Dance Cultural Event ,IGDTUW.

## PROJECTS

- **Project 1 : Front-End , **Fully Responsive E-commerce Website****  
**Description**: Built and developed the front-end of a responsive e-commerce website, emphasizing **user-friendly interfaces and intuitive navigation**. Implementing **modern design principles** and **ensuring compatibility across various devices/browsers** for **optimal user experience**.  
**Key Technologies** : HTML, CSS, JavaScript (including library **ReactJS**)
- **Project 2 : Full-Stack , **Social Media Dashboard Project****  
**Description**: Developed a **comprehensive social media dashboard** enabling users to manage **multiple social media accounts seamlessly**. Implemented *features* such as **scheduling posts**, **real-time analytics**, and **engagement metrics tracking**. Integrated **APIs for real-time updates** and **notifications**.  
**Key Technologies** : **Frontend**: **React.js** for responsive **user interface design** and **interactive user experience**.  
**Backend**: **Node.js** with **Express.js** for **server-side application logic** and **API integration**.  
**Database**: **MongoDB** utilized for efficient **data storage** and management.  
Integrated **Facebook Graph API** and **Twitter API** for **seamless social media account management**.

## EXPERIENCE

- **Summer internship** **Intern May'29-July'7**  
**Completed a 6-week summer internship** Web/App Development and Digital marketing organized by Anveshan Foundation of IGDTUW.

## OTHERS : Extra – Curriculars / Hobbies

**Modeling & Folk Dance** , **Public Speaking** (state level debates/speeches winner in School), **Beauty Influencer** (Social Media)
